August 2025 Issue

President's comments

Hope to see you at our
upcoming meeting on August 9th.

We have had many planes go down this month on Watkins' property. We will be discussing a plan to minimize or eliminate this problem. I have already moved our fly zone sign 100 ft south on the fence line. Please pay attention to the new location. Starting immediately every pilot must have a spotter at flight stations while flying, until further discussion at our meeting. If you see anyone flying north of the fly zone please contact me immediately.

Safe Flying
Steve Watson
