

Sparks will be having a Spring fun fly, Saturday, April 15, 2023. As usual, food will be served for a \$5 donation and desserts are always welcome. There will be 3 events to occur at the top of each hour beginning at 9.

First up will be the “Bunny Hop”. Pilots will be measured by the number of touch and go’s accomplished in 60 seconds. Anything goes as long as your ‘plane does not stop’ between touch downs and each touch down contacts the runway only for the grass does not count. Short tight circuits, or ‘hopping’ down the runway, or tight loops. Whatever gets you the most touch and go contact with the runway in 60 seconds.

Second at 10 am will be an Egg drop. Cups which can be fashioned to your plane will be provided with a plastic egg to carry aloft. The winner being whose egg comes to rest closest to circle center. As before with the ring drop, a loop or roll will drop the egg and the key is to be slooow.

Lastly at 11am, the always enjoyable combat event with a flight duration of 5 minutes. ‘Spring Top Gun’ bragging rights are the reward along with your name and events won posted on the club bulletin board and website.

If you have something to sell, bring it for display along the fence line. The board and I look forward to a day of good fun and our rain date will be the following weekend, 4\22.

We are close to Interstate 275, Roosevelt Blvd. and 16th St. and there are perimeter fences bordering these road sides.
